**Jacques Desgeorges**  
*Digital Portrait*

**From November 24th to December 1st 2021**  
Galerie Hubert Duchemin, 8 rue de Louvois, 75002, Paris, France  
Opening on wednesday 24th of November, from 6:00pm

Eugénie Duchemin is pleased to present for the first time and in a new artistic approach, Jacques DESGEORGES : *The Digital Portrait*.

The exhibition will take place at the Hubert Duchemin gallery from November the 24<sup>th</sup> to December the 1<sup>st</sup> 2021.

Six art pieces will exclusively be exposed.

Jacques DESGEORGES transforms his model's fingerprint into a portrait, by inserting within it photos, symbols, objects... as testimony of what the person has lived and experienced.

These hidden pictures will offer a discreet way to identify who is hiding behind the fingerprint.

Eugénie and Jacques propose the unique experience to co-create this new kind of portrait that captures your being rather than your appearance. A digital portrait that will describe you in a different way.
